## **Rep. Wichgers Statement on State of the State Address**

*Wichgers excited to work with Governor to strengthen the State of Wisconsin*

**Madison...**State Representative Chuck Wichgers (R- 83) had this to say about Governor Walker's State of the State address, which was given to the joint session of the Wisconsin State Legislature on Tuesday afternoon.

"Governor Walker has been a fantastic leader ensuring that the people of Wisconsin have more of a say in government through decreasing government interference and regulation. I am encouraged by how far our state has come in regards to unemployment, small business creation, and am looking forward to making sure that this trend continues.

"Serving on the Assembly Committee on Jobs and the Economy, I am dedicated to decreasing government regulation, over-regulation, and interference, and will continue to support Governor Walker's initiatives that are 'working and winning for Wisconsin'.

"The State of the State shows us the path we are on and we optimistically look forward to the Governor's budget proposal."
